

**\*\* PLEASE DISTRIBUTE TO ALL BRANCH PERSONNEL \*\***

June 2007

Dear CURBCO Customer,

In the continuous effort of further improving our customer service, we know you will be happy to hear that starting **July 1, 2007**, CURBCO can prepay and add the freight charges on products that we ship. This is not mandatory - it's simply a way for us to provide you with an efficient and cost effective freight option.

PLEASE NOTE: If you would like us to prepay and add freight, you must provide us with a "ship to" zip code beginning **July 1, 2007** to ensure your quote will include an accurate freight and handling charge.

Please do not hesitate to call if you have any questions or concerns!

Thank you,

Karen Taylor  
Sales Manager
